Projects and Industrial Exposure

Worked on multiple projects for prestigious clients of national repute like:

I. **ERP for Marc Laboratories (A Pharmaceutical Company)**

Description: **This ERP Project is Automation Software** for Maintaining the Human Resource and **Inventory Stocks**.

The Project Is Fully –Equipped with Modules having Attendance Management System, Salary Module, Leave Management Module, TDS & Taxes deduction. The ERP automatically generate the appointment as well as exit letters for staff or new comer maintaining Entire Man Power, **with Lot of Associative Modules**.

The ERP also provides the stock management module & inventory of new production & sales done.

II. **ERP & Application Software developed for Karam Industries – Safety Equipment Manufacturers.**

The Project Mentioned Above is Largest Business Management Tools. It holds the Content Management Based on CRM (Customer Relationship Modules), Inventory Management, E- Procurement Module, HRMS, RFID Based Attendance System and wage calculation module for workers.

The entire automation is being done by my team where I worked as a Project Manager for the same. It is also supported by an android app as per the requirement of the client in the second phase of the development.

III. **Web Service Tool designed for Sanjay Gandhi Post Graduate Institute, Lucknow**

A complete Solution Web Application Tool for Maintaining the Record of Patient Being Undergoing Diagnosis with All Advance Meeting Handling Initiative Ideas.

IV. **HRMS developed for Commander Works Engineer - Ministry of Defense**

This Project is one of the Achievements of Mine as of being making HRMS project for military defense was part of national service because this project has features like

- Arms Mobilation
- Command Office Feedbacks

- Reporting to Commands & Staffing
- Public Relation Updation over Military Service System

V. **Online Attendance using biometric device & Android based Application for KGMC, Lucknow –**

This Online Project was the 2nd Automation Tool Configured over Both Web and Android.

As Per Demand of King Gorge Medical University this project met all the requirement of teacher and student relation motives.

VI. **Web-Project for KGMC, Lucknow –**

Most of Advance Research Tool Base on Medical Science of Blood Diagnosis Mechanism and Complete Analysis was maintained using this project.

I hereby declare that the information furnished above is true to the best of my knowledge and belief.
